SOLUTIONS FOR PARISHES

WE LIVE
HERE

CATHEDRAL
CORPORATION

To connect, you need to effectively reach out to your parishioners.

WE LIVE IN A PLACE WHERE your vital messages can strengthen and grow your

parish community

To grow, you need to communicate your vision for a successful parish.

**To thrive,
you need to nurture
a deeper sense of
belonging among
parishioners.**

... a place where communication can foster a renewed sense of **commitment** and **dedication** among your parishioners.

Fostering community—it's what you do every day as part of your ministry. But managing the business concerns of your parish can take you away from your most vital activities. Yet, the reality is that parishioner offerings account for up to 94% of your annual budget. Your parishioners need your attention, but overseeing effective offering programs may be demanding more and more of your time. Developing a systematic approach to giving can lift that burden off your shoulders by yielding more predictable revenue and improving communication across your parish—and strengthening your sense of community and shared commitment.

Why Cathedral? Cathedral has been a leading provider of Catholic offering envelope programs for over 80 years, offering innovative Essential™ communication and data management solutions that can help churches streamline their giving processes. We combine our wealth of knowledge and experience with our mailing and data handling expertise to help you develop stewardship communications and increased giving strategies that meet the unique needs of your parish—without adding to your workload.

And we never stop working to come up with new applications and opportunities for communication with your parishioners. For example, custom envelope messaging that lets you add reminders or other unique messages to the outside of your mailing packets. Similarly,

we can create messages for your envelope recipients based on your input. These messages are printed and inserted as your envelope mailing is being produced, enhancing the communication value while saving additional mailing and postage expenses.

At Cathedral, we strive to build long-term customer relationships by offering exceptional customer service and information integrity. The foundation of all of our relationships is trust. We deliver what we promise—on time, every time and guarantee 100% accuracy of our work.
