**To thrive,

... a place where communication can foster a renewed sense of **commitment** and **dedication** among your members.

Fostering community—it's what you do every day as part of your ministry. But managing the business concerns of your church can take you away from your most vital activities. Yet, the reality is that revenue from your church offering envelopes typically accounts for up to 94% of your annual budget. Your members need your attention, but overseeing effective stewardship programs may be demanding more and more of your time. Developing a systematic approach to giving can lift that burden off your shoulders by yielding more predictable revenue and improving communication across your congregation—and strengthening your sense of community and shared commitment.

Why Cathedral? Cathedral has been a leading provider of church offering envelope programs for over 80 years, offering innovative Essential™ communication and data management solutions that help churches streamline their giving processes. We put our technological expertise to work for you, combining it with 100% reliable data handling and our extensive mailing experience, to help you develop stewardship communications and increased giving strategies that meet the unique needs of your congregation—without adding to your workload.

And we never stop working to come up with new applications and opportunities for communication with your members. For example, custom envelope messaging lets you add reminders or other unique messages to the

outside of your mailing packets. Similarly, we create messages for envelope recipients based on your input. These messages are printed and inserted as your envelope mailing is being produced, enhancing communication value while saving additional mailing and postage expenses.

At Cathedral, we strive to build long-term customer relationships by offering exceptional customer service and information integrity. The foundation of all of our relationships is trust. We deliver what we promise—on time, every time and guarantee 100% accuracy in our work.

We know that you live your commitment to your church. When you choose Cathedral, **we live it, too.**
